- Make places where you pass the treble on the way up.
- When making 3<sup>rd</sup>s or 4<sup>th</sup>s on the way down, the 2<sup>nd</sup> stroke is over the treble.
- Making 4<sup>th</sup>s and lying in 6<sup>th</sup> are linked: when you do one, the other will follow next. Likewise, making 3<sup>rd</sup>s and double-dodging 5-6 are linked.
- Exceptions at Bob/Single:*
  - after double-dodging down: here, make 4<sup>th</sup>s, then double-dodge up.
  - after making 3<sup>rd</sup>s or long 3<sup>rd</sup>s, return to lead
- Bobs and Singles are somewhat similar to those of Grandsire.
- The dodges in 5-6 are 'handstroke dodges' like in Grandsire.
- Lying behind in 6<sup>th</sup> place always starts with the backstroke.

Plain hunt below the treble.
